MEASURE WITH THE RULER

To achieve the best results, you will need to go to the “Printing settings” before printing and ensure that the “Page scaling” option is set to none in the print dialogue box. The Forever Jewels Ltd Ring Size Chart must be printed on a full A4 (21*29.7cm) size page. To check that the Ring Size Chart has been printed properly, take a ruler and measure the samples below. It should measure exactly 2 cm.

HOW TO CHOOSE YOUR RING SIZE

To determine your size, we strongly advise that you measure the size of your finger rather than the size of your ring.

1. Using a length of string or ribbon, wrap it around the base of your finger. To ensure the ring fits comfortably, we suggest measuring your knuckle as well. We recommend selecting a size that will slide on and off your finger easily.
2. With a pen, mark the point on the string where the ends meet.
3. Measure the string in millimeters with a ruler.
4. Choose the closest measurement to the chart below to identify your ring size. Otherwise: Choose your size by placing your ring on the printed sheet, you have found your ring size when the diameter of the circle matches the inside diameter of your ring.

YOU WANT TO BUY A GIFT

The size of the ring may vary slightly depending on the stlye of the ring. Therefore, if the ring is intended to be a gift, borrow one of the recipient's rings with a similar width as the ring you would like to purchase (but no wider than 3mm) and use the sizing guide information. If your ring appears to be between two sizes, we recommends choosing the larger size.
