HOW TO CHOOSE YOUR BANGLE SIZE

To achieve the best results, you will need to go to the "Printing settings" before printing and ensure that the "Page scaling" option is set to none in the print dialogue box. The Forever Jewels Ltd Bangle Size Chart must be printed on a full A4(21*29.7cm) size page. To check that the Bangle Size Chart has been printed properly, take a ruler and measure the sample below. It should measure exactly 2cm.

To determine your size, we strongly advise that you measure the size of your wrist rather than the size of your bangle.

1. Using a length of string or ribbon, wrap it around the base of your wrist. To ensure the bangle fits comfortably, we suggest measuring your knuckle as well. We recommend selecting a size that will slide on and off your wrist easily.
2. With a pen, mark the point on the string where the ends meet.
3. Measure the string in centimeters with a ruler.
4. Choose the closest measurement to the chart below to identify your bangle size. Otherwise: Choose your size by placing your bangle on the printed sheet, you have found your bangle size when the diameter of the circle matches the inside diameter of your bangle.
